Bachelor's Combine.

The contest now raging in Clayton, N. J., is one to enlist serious attention. Stripped of side and minor issues, the principles involved are the right of bachelors to combine for protection against the wiles of women, and the right of women to use all fair and sober means to disrupt and demoralize bachelor combinations.

Joseph P. Zane, who thinks he is a confirmed bachelor, organized the Clayton anti-matrimonial club some time ago. He has been from the beginning its chief officer, and the evidence seems to show that he is a man gifted in no small degree with the qualities of patience, perseverance and pertinacity. Almost as fast as he has secured members the women who winter at the resort have enured them. But, it is claimed, each deserter has been compensated for by a fresh recruit, so that neither side can claim any decided advantage over the other up to the present time.

The last rally party sent out by the Clayton winter girls came back with several captives, and the report was widely circulated that among them was the vice-president of the anti-matrimonial club. This rumor has been denied, however, and President Zane is said to have smiled when informed that the young women were beginning to feel that they had reduced the ranks of the bachelors to the point where the latter would soon be willing to negotiate for terms of capitulation. His smiles were attributed to the fact that he has been promised a large number of recruits from the recently arrived eligibles.

But, nevertheless, this winter's campaign is to be the most severe of any the club has engaged in since its organization. It is leap year and the Clayton winter girls are determined that it shall not pass until every member of the anti-matrimonial combine, including its founder and president shall have surrendered unconditionally. To bring this result about the girls will not hesitate to resort to every wile that has been practiced by their sex from the dawning of history to the present day. And aside from the valuable assistance which they will receive from their mothers, aunts and older sisters, and the mothers, aunts and elder sisters of the bachelors, they will, of course have the powerful backing of the national administration, which does not hesitate to exhibit openly its sympathy with their cause.—Chicago Inter-Ocean.

STRONGEST EVIDENCE OF FAITH.

G. L. Penny Guarantees That Hyomel Will Cure The Worst Case of Catarrh In Stanford.

When one of the most reputable concerns in Stanford guarantees that a medicine will effect a cure or Mr. Penny will refund the money, it speaks volumes as to the merits of that remedy. It is in this way that Mr. Penny is selling Hyomel, the treatment that has made so many remarkable cures of both acute and chronic catarrh in Stanford and vicinity.

Hyomel is not a pill nor is it a liquid that has to be taken with a tablespoon or wineglass. Just breathe it by the acid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

It destroys all germ life in the air passages to the lungs and enlivens and purifies the blood with additional ozone. It cures catarrh of the head and throat, or the stomach, liver and kidneys. Whenever mucous membrane contains catarrhal germs, there Hyomel will do its healing. When using this treatment the air you breathe will be found like that on the mountains high above the sea level, where grow balsam trees and plants, which make the air pure by giving off volatile antiseptic fragrance that is healing to the respiratory organs.

A complete Hyomel outfit costs but \$1 and includes an inhaler, dropper and sufficient Hyomel for several weeks' treatment.

Remember that if Hyomel does not cure you, G. L. Penny will refund your money. This is a good time to cure catarrh by this natural method and prevent catarrhal colds that are so common at this season.

Kid Carter knocked out Joe Chojnaski in the first round. Chojnaski claims Carter fouled him.

The bill which has passed the Senate creating the county of Beckham out of Carter, Elliott, Rowan and Greenup, with Olive Hill as the county seat, will, if necessary, be a pauper county, of which we have decidedly too many already.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pale Balm, which he did and it effected a complete cure. This liniment is for sale by W. N. Craig.

PREACHERSVILLE.

NEWS NOTES.

J. T. Blingaman sold to W. P. Grimes a combined mare for \$300. Levi Bell bought a work horse for \$45. Mr. West, of Garrard, bought of Jonah Marsee, his home hen for \$575. This is the fourth time this place has changed hands within a year.

While gathering eggs at the barn, Mrs. John B. Anderson fell and was seriously injured. She is reported as being some better. Mrs. A. J. Thompson, who has been ill of pleurisy, is improving. Mrs. Flory Blankenship is convalescent. Geo King continues quite sick with lumbargia. The sick and afflicted have our sympathy. Mrs. Charity King arrived Saturday from Norman, Okla., much to the joy of her many friends, and her son Carl, is especially happy.

Mrs. Patti Stevenson and nephew, Stephen Dozier, of Richmond, are visiting J. T. Blingaman and wife. Miss Beulah Jordan was with the Misses Cummings Sunday. Mr. and Mrs. Archer, of Somerset, are now visiting the family of Mr. H. Polley. Mr. Ed Kennedy, of Stanford, was with G. C. Kennedy and family.

Our community was shocked as it has never been before when it learned of the sudden death of Mrs. John Holtzclaw last Sunday morning. She was apparently in the best of health, with the exception of a slight throat trouble. At four o'clock she awakened with a smothering spell, living only a short while and dying before a doctor could be secured. A loving husband and a trusting little fellow of two years are left to mourn the loss of a noble wife and mother, and to their overwhelming sorrow they have the sympathy of friends everywhere. Mrs. Holtzclaw was an intelligent, home-loving, Christian woman. She was Miss Carrie Bowen, of Garrard. May the bereaved family in their dark hours of sorrow look to him who stills the waves of stormy Galilee and forget not that He doeth all things well. The funeral services were conducted at the Baptist church by Rev. Carnical. The remains were laid to rest in the Lancaster cemetery.

MILLIONAIRE'S POOR STOMACH.—The worn out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaires unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles 25¢; regular size, 75¢. At all druggists.

CLIMATIC CURES.—The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles 25¢; regular size, 75¢. At all druggists.

Rev. F. N. Arnold prayed in the House at Frankfort that the capitol question should be speedily settled, and the solons proceeded forthwith to pass a bill appropriating a million for a new capitol. This is one of the quickest answers to prayer on record and since Bro. Arnold's petitions are apparently so acceptable at the throne of grace it is hoped that he will get behind all the good measures with his supplications.

**How to Save
FUEL.**

Briefly—buy a

COLES' HOT BLAST COAL STOVE.

It cuts the fuel bill in two because it burns the gas arising from burning coal. Gas goes via the chimney in other stoves. COLES' HOT BLAST really makes \$3.00 soft coal work like \$9.00 hard coal. Come in and see that smokeless feed door. Does away with dust, dirt and smoke in the house.

Our enterpriser has a great reputation in this neighborhood because while our prices are cheap the goods are not.

THE plans of the Roosevelt republicans in Kentucky have been made manifest by the announcement of Ex-Gov Bradley as a candidate for delegate from the State-at-large. Mr. Bradley declares himself for Roosevelt first, last and all the time, and the Roosevelt republicans will seek to bind every other candidate for delegate in the same way. Leslie Combs, minister to Guatemala, is to return to Kentucky and will probably oppose John W. Yerkes for national committeeman.

THE speech of Senator Cantrill, in which he paid his respects to Gov. Beckham, and the latter's reply to it in a letter read in the House, both made pretty racy reading, but neither was enjoyed by lovers of the democratic party, who do not believe in family quarrels. It matters not which goes the better of the argument the party has suffered by it.

CHAIRMAN McCORD has made public the annual report of the Kentucky Railroad Commission for the year 1903. The report shows the mileage in Kentucky to have increased 134 miles, while net and gross earnings also show a handsome increase. The taxable value of railroad properties in the State have been raised greatly by the commission.

MORE than four thousand people were killed outright and about five thousand injured in railroad wrecks last year. A great many of these accidents were caused by carelessness or inattention to duty on the part of railway employees, particularly in their failure to see signals or disregard them.

Their store is headquarters for the Oliver Chilled, Vulcan and Syracuse plows; also the Studebaker and Birdsell wagons, the best of the market, and with a full line of saddles and harness all at the lowest prices. Farmers will save money by calling on them. Repairs for all implements are kept in stock.

Tindler returned from Somerset to conduct the funeral services of Mr. Theodore Curry. His many friends are glad to know that Stephen Walker has about recovered from pneumonia and will soon be out. Miss Louise Farris entertained a few friends at her home on Danville Avenue Friday evening.

The death of Mr. Theodore Curry occurred in this city Wednesday morning at an early hour, and being unexpected it shocked the community deeply. Mr. Curry was well-known throughout the section. He was born in Harrodsburg in 1835 and came to Lancaster at an early period of life. He married Miss Thresa Yantis, of this place, and to them were born seven children. For 40 years Mr. Curry was a merchant here. He was an elder in the Christian church, one of the charter members of the Masonic Lodge and one of the first trustees of the graded school. All these places he filled with credit and honor. Thus passes away one of Lancaster's best citizens, but long will he be remembered for his noble manhood and Christian graces.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." A HINT TO THE WISE.—We have sent out a number of statements lately and but few of those to whom we have sent them have responded. It takes time and money to write letters and as we have not a great deal of either to spare we have adopted the following rule: After two statements have been ignored the account will be given Attorney L. R. Hughes to collect. We dislike to do this but are compelled to take the step in order to get our business in better shape. Mr. Hughes is a fine collector and we promise that when our accounts go to his hands they will either be collected or he will know the reason why.

THE court of appeals reversed the Pulaski circuit court's decision in the case testing the powers of the fiscal court concerning the working of roads. The higher court holds that where the fiscal court of a county adopted a system of working public roads by taxation, it had no power to invest the county judge with general supervision of the same, nor confer authority upon the justices of the various magisterial districts as assistants and then allow them to pay for such services. The statutes permit the appointment of a supervisor or supervisor of county roads, but the fiscal court cannot create a different office, or same office under a different name, fill it by electing themselves, and then vote themselves pay for their services.

The happy couple was entertained at dinner by Mrs. Baxter, mother of the groom. The bride is a daughter of Mr. and Mrs. J. M. Silbold and is a sweet and lovable girl and her friends wish for her every happiness. The groom is in business in Cincinnati and popular with all who know him.—Lexington Democrat.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Penny's drug store.

ucated Indians, soon after leaving
school relapse to the "blanket" state is
refuted by the report of the Hampton
Institute. That school has graduated
938 Indian boys and girls, 673 of whom

by an incident which occurred in an

and its mother packed its dresses

and granddaughter, who opened and
handled the contents of the chest, were
duly taken ill of diphtheria, although
there had recently been no cases in the
village.

Congratulations.

Mr. John H. Cullom, editor of the Gar-
land, Texas, News, has written a letter of
congratulations to the manufacturers of
Chamberlain's Cough Remedy as follows:

"Sixteen years ago when our first child
was a baby he was subject to crampy
spells and we would be very uneasy about
him. We began using Chamberlain's
Cough Remedy in 1887, and finding it
such a reliable remedy for colds and
croup, we have never been without it in
the house since that time. We have five
children and have given it to all of them
with good results. One good feature of
this remedy is that it is not disagreeable
to take and our babies really like it. An-
other is that it is not dangerous, and there
is no risk from giving an overdose. I
congratulate you upon the success of your
remedy." For sale by W. N. Craig.
